A VERITABLE SOCIAL TRIUMPH.

Mayville Assembly at the Residence of Colonel and Mrs. F. S. Owens.

The young men of the Mayville Assembly scored a veritable triumph last night in the entertainment given by them in honor of the young ladies who have recently returned home from school, and the numerous fair guests who accompanied them. Fourteen visiting young ladies from other states were present and their presence added greatly to the occasion.

The function took place at the spacious residence of Colonel Frank S. Owens, No. 128 West Front street. Mrs. Owens having kindly offered the young men of the Assembly the use of the house. From top to bottom the house shown with innumerable gas lights that cast their soft glow on the happy throng of belles and beaux assembled. The entire first floor, walls and stairways were covered with immaculate white canvas, the long vista of rooms presenting a most enticing sight to the eyes, and making a most desirable smoothness for the feet of the dancers.

From the time that the first sweet strains of the harp in the hands of the well-known artist, Rocco Ferro of Covington, fell upon the ears until the tired and happy dancers ceased in the late hours of the night, waltz, scottishes, galop and quickstep followed in rapid succession.

Mrs. Owens had bestowed much care upon the decoration of the house which in every nook and corner showed most artistic arrangement of flowers, plants and ferns. Opening from the dancing rooms on to the porches were arranged rustic seats and chairs into many cozy nooks, that were completely sheltered by large foliage plants, giving the appearance of a true tropical Southern conservatory, the soft lights from many Chinese lanterns shining through the openings in the plants.

Midway the night delicious refreshments were served by Traxel and a score of dainty waiters. A large bowl of lemonade stood in the front hall and was served throughout the evening.

Mrs. Owens looked very handsome in a dress of black henriette cloth, trimmed with white tulle, crepe, diamonds and La Belle France roses. She was assisted in receiving by Mrs. E. R. Blaine of Lexington, Miss Lyle Browning, Mrs. G. S. Wall, Miss Lida Berry, Mrs. E. P. Brown and Mrs. R. B. Owens.

If this man out, the Ashlanders are to be congratulated on securing an excellent gentleman as a citizen.

A FELLOW named A. J. Martin has been getting a good deal of newspaper notoriety in Newport and Covington by representing that he was assaulted while crossing the new bridge from Cincinnati a few nights ago. It now turns out that he was full of Vine street whisky and felt against the bridge irons, cutting his head.

THE C. T. MASON farm in Christian county is the largest in Western Kentucky. It consists of nearly 1,500 acres of South Christian land, worth \$35 per acre. Forty-three colored men and boys are required to work the farm, and there are only two white men on the place.

SENATOR HALE had a talk with ex-Secretary Blaine recently.

The Senator has told some of his friends that Mr. Blaine said that he had no thought of going to the Senate. He assured Mr. Hale that he had no idea of taking any place in public life.

The United States Court at Frankfort will try the case of Foster vs. Wilson involving the title to fifty thousand acres of land near Pineville, worth a million dollars. The state of Kentucky now comes in and claims it on the ground that these parties are not the owners and that the heirs of the original patentee are dead.

JOE NICHOLS, who *The Ashland Signal*, "is billing Kenora for the merchants' picnic." If he is only billing the houses he ought to get done in half an hour, but if he undertakes to bill the stakes that are "choice corner lots," he had better hire a team and six assistants, or he won't get through in time to go the Grand Fair.

WRIGHT WHIOT, who was drowned at Caswell, W. Va., Friday night while swimming, is the one who hired a thirteen-year-old brother to shoot another brother while he was sleeping. The boy is in jail at Pikeville, where the crime was committed. An unknown man is arrested and accused of drowning Wright. A girl is said to be the cause.

GEORGE W. GELTMANER, a Louisville butcher, was stopped by three masked men on the Green Valley road, not far from New Albany, and robbed of \$5,500. EUGENE J. BARNEY of Dayton has given an endowment of \$40,000 to Denison University, Granville, O. He is a member of the Board of Trustees of the Institution. Dr. W. H. Doane of Cincinnati gave an endowment of \$25,000. The first named sum is to be devoted to the establishment of a "Science Hall," and the latter to an academy building.

THE corner upon which the recently erected Chicago Inter Ocean building stands, has been sold for \$250 a square foot. The lot is only 30x40 feet, but it has brought \$30,000. LAST year, Mr. Ludlow, General Agent for the Providence Savings, Life and Assurance Company, represented to the citizens of Middleborough that if the company could get \$1,000,000 worth of insurance in that place, it would erect a \$50,000 hotel at the corner of 8 and 11th, and F. A. Weston, a Lexington architect, was employed to draw the plans for the proposed building. The building has failed to materialize, and the company has neglected to settle with Mr. Weston, so he has brought suit for \$1,000.

MISS BELLE GOLDMAN, daughter of the late Rev. Dr. Goldman, a distinguished Jewish Rabbi of Cincinnati, was married a few days ago to Dr. Lewis L. Yonker, a Gentle of Bowling Green, O. It will be remembered that, some years ago, the late Rabbi, who was a native of Poland, married a Gentile who was not noted for his piety. Some of the good Rabbi's friends expressed to him their regrets that his daughter should have married outside the faith, when Dr. Wise, who is a noble specimen of manhood and good sense, philosophically replied: "It is not so much a matter of regret with me that my son-in-law is a Christian, as it is that he is not a Christian."

OUR WEEKLY CROP BULLETIN.

Condition of the Small Crops Throughout Kentucky Up to Yesterday.

The general state of crops was improved with the weather conditions of the past week. The amount of sunshine and temperature was in excess of the normal for this time of the state. With the rainfall, coming as it did in the form of local thunder storms, was so unevenly distributed that it is difficult to generalize as to its effects. It would appear from reports, however, that the Eastern and Central counties were not as a rule so favored in the amount of rainfall as other parts of the state.

The wheat harvest has commenced, and barring some slight injury from rust, the crop promises to be the finest in years.

Corn is backward but is improving and its main need in most parts of the state is more rain.

Tobacco is nearly all set, but the progress of the plants is retarded from lack of sufficient rain.

Oats and barley promise to be fair crops, and the yield of hay is very large.

Late fruits are falling from the trees badly, and this will probably have the effect of shortening the crops.
